Driver licence	Car
Equipment experience	Car(good), Tractor(good)
6.Hobbies and interests	Football, swimming, paintball, diving
7.Job start date	As soon as possible

Autobiography

My name is Oleksandr. I am 33 years old. I am a citizen of Ukraine. My family is not big. My father works as an ambulance driver. My mother works in the kindergarten. I am married. My wife's name is Tetiana. She doesn't work because she looks after our son Nazar. He is 2 years old. We are a friendly family and devote our free time to each other.

I got secondary education. While studying at school I was fond of Sport and Biology. I always was interested in nature because I spent a lot of time in the village where my grandparents lived. I stayed at their place on all holidays. My grandpa had a big household. He kept some cows, pigs and a lot of poultry. My grandpa taught me to take care of animals. I helped to pasture cows, I made hay for winter and cleaned the barn.

In 2015 I entered Agrarian Lyceum, the faculty of veterinary. I studied for 3 years. There I worked with cows at the training livestock farm for students. I did feeding, giving vitamins and minerals, cleaned and disinfected in the stables. After the graduation I found a job at a dairy farm in Ukraine. I worked there for six months and was responsible for

- milking, feeding,
- cleaning of milking room and equipment,
- cleaning and washing of stables.

After that I decided to get some abroad work experience. I went to England as a seasonal worker. I worked first at Cobrey Farms, then at Staples Vegetables Ltd and did

- picking cabbage, blueberry, asparagus and pea,
- pruning strawberries and raspberries,
- packing and sorting,
- field work (harvesting on a tractor),
- transportation vegetables by tractor.

I have a driving license, I can drive a car and tractor well.

I have good English speaking skills. As for my hobbies I am fond of football, swimming, paintball, diving.

I always dreamed about foreign experience in milk production. I would like to see modern methods of dairy farming. That is why I would like to find a job abroad. My friend told me that agriculture in this country is on a high level and the farms have modern equipment.

Regards,

Oleksandr.
