Other language(s)	English - Good, Russian - Perfect
Driver licence	Car
Equipment experience	
6. Hobbies and interests	Gym, computers, technologies, internet, cooking.
7. Job start date	As soon as possible

Autobiography

My name is levgenii. I'm 30 years old. I was born in Kherson city (Ukraine). I have a small family, just my father Serhii and my mother Larysa. I'm not married.

From my childhood I've been connected to country style of life. My grandparents had a big household where they kept domestic animals. I was used to live at my grandparents' place during my summer holidays and helped them with their household. Also I work on their land where they grew different vegetables and grass for their cows.

In 1999 I started to study secondary school where I had a great English teacher, who helped me a lot with studying this language. Now with help of the internet I leveled up my English even more, also got some computer skills. In 2009 after school I found a job in the internet, I was a seller. But after some years of work I decided to become closer to nature.

I like agriculture. I entered Agrarian Lyceum, veterinary faculty in 2016. During my studies I had a year of practice on a modern Danish dairy farm. Rudie Goselink is a great farmer who taught me to handle the duties around the dairy farm professionally. My daily duties were:

- milking on DeLaval milk aparats,
- carrying for the young calves,
- moving calves, cows, heifers,
- cutting the tales and hair,
- feeding animals with mini-tractor,
- silage making, covering, opening,
- small repair tasks on the farm,
- working with water-pressure machine, cleaning boxes.

When I came back to Ukraine, I continued studying at the lyceum and graduated in 2020. After the graduation I fond a job in Norway at the dairy farm where I was working more than one and a half year. My duties were

- feeding and care of young bulls and cows,
- milking of cows, cleaning of barns and milking robots,
- cutting the udders and tails of the cows,
- marking of calves, cleaning of sleeping area,
- use of mechanical equipment such as mini-loaders and high-pressure washers,
- small repairs on the farm, moving animals, fencing of electric fence.

I have driving licence and can drive a car. The languages which I can speak are Ukrainian, Russian and English. As for my hobby I like sport, training my body in gym, can cook some delicious food from different countries. I neither drink alcohol nor smoke cigarettes.

In January 2022 I went to Ukraine for vacation and the war in my country started. So I couldn't come back to Norway to continue my contract. Now I'm looking for a new job in Norway in the sphere of dairy farming.

Regards, levgenii
